

CALL FOR TENDER

Dear Contractors,

Date: 30-Aug-2023

HAPA (Humanitarian Action for the People of Afghanistan) has been working in Afghanistan since 1991 implementing humanitarian and development programs in south region. HAPA has a core operational accessibility to several communities. HAPA has been functional in implementation projects in partnership with AHF, UNHCR, UNICEF, WFP, UNDP and other organizations.

HAPA is opening a tender for the **construction of two new water network pipe schemes in Khakrez and Panjawi districts of Kandahar**. Each water network consists of construction of elevated tank, new bore well, solar system and house to house pipe connection.

This tender is open, in order to ensure the maximum transparency in process and to give a chance to all the eligible firms to make us their proposal, it was decided to open the tender to all firms who fit to these mandatory criteria:

- Valid Business license
- Bank Statement
- Relevant experience in water network pipe schemes, in the past 5 years
- Annual balance sheet of the last three years
- Key technical staff

To promote local economy, companies from Kandahar province will be favored during analysis of the proposal with more points attributed for the criteria "capacity to deploy work in Kandahar province" estimated by the localization of main and second offices and experience.

If you are interested in answering this call for tender, please send an email to hapa.kdh@gmail.com before the **06-Sep-2023 by 4:00 PM** and all the dossier will be sent to you in response. The signed and stamped ITB with supported documents should be submit in hard copy to HAPA procurement department no later than **09-Sep-2023 by 4:00 PM**.

Please note that the process will be coordinated by HAPA tender opening committee only! Directly contacting other HAPA teams will result in disqualification.

Gul Mohammad Aryan
Project Manager, HAPA
