F	Existing Latrines

# 01|Site plan of shina jawuz school

N/S

**Note:**

1. All dimensions are in mm unless otherwise specified
2. The planned activities will be constructed based on the site condition

Ministry of Education Infrastructure  
Service department (I.S.D)

The diagram is a site plan showing a large hatched area labeled "Planned Building". The building has a total width of 29,750 and a total depth of 22,750. The top and bottom edges are divided into two sections of 5,000 and 7,000 respectively. A callout "A" points to the right side of the building. To the left of the building is a smaller hatched area labeled "Existing Building" with a width of 8,330 and a depth of 7,210. A callout "B" points to the bottom of this area. Below the existing building is a small rectangle labeled "Road" with a width of 5,800 and a depth of 3,400. A callout "D" points to the road. At the bottom left, there is a small hatched area labeled "C" with a width of 4,000 and a depth of 4,000. A callout "E" points to the top left corner of the site. A scale bar at the top indicates a distance of 80,000. A north arrow is located at the bottom right.
